

Quality Care You Expect, Compassion You Deserve

Welcome to All Saints Animal Hospital; we hope you enjoy your time here.

A few things to know about our hospital:

To keep costs down and to save staff time, we EXPECT payment at time services are rendered. Checks are only taken from established clients; otherwise we accept cash, VISA, MasterCard, and Discover.

We require courtesy of 24-hour Notice to cancel or change an appointment. If not, there is a \$25 fee for regular appointments, and a \$50 fee for surgery and dental appointments missed. We strive to respect your time and ask that you respect ours.

Currently, we are open Monday, Tuesday, Thursday and Friday from 8:00 AM-6:00 PM; and on Wednesdays and Saturdays from 8:00 AM- Noon. Emergencies after hours are referred to Western Carolina Animal Emergency Hospital in Flat Rock or MedVet (formerly REACH) in Asheville.

We are conservative when it comes to vaccinations and encourage owners to do their own research.

Heartworm checks are done every 2 years when there is documentation that the dog has been on heartworm prevention; yearly if not. If you miss or lapse for 3 months of heartworm prevention, then another heartworm test will be required to restart.

Yearly fecal tests are recommended on cats and dogs to check for parasites.

If your dog/cat is aggressive, we reserve the right to deny any and all services.
